FDD Abstract of

MACHINERY SPECIFICATIONS OF THE MS DERBENT

(57pp; German;

25X1A

25X1A

☐ Comment:

25X1X

The DERBENT is the former German tank vessel BANSIN. This ship is intended for service on the Caspian Sea. The ship was completed in Wismar in late June 1951 and made her first trial runs on 1 and 2 July 1951. She attained a speed of 11.4 knots.

This document consists of the specifications for all the machinery on the ~~DER~~ DERBENT. The table of contents (pages I - II) lists the following:

1. List of drawings [These are not included]
2. List of the main and auxiliary machinery (pages 1 - ¹⁴~~15~~)
3. Main engines, shafts, and propellers (pages 15 - 16)
4. Diesel - generator machinery (page 17)
5. Emergency power supply machinery (page 18)
6. Supply lines of the power plant (pages 19 - 26)
7. Auxiliary systems (pages 27 - 33)
8. Ship pipe-line systems (pages 34 - 52)
9. Command and operating stations (page 53)
10. Repair stores (page 54)

[The foreign language document or a microfilm of it ☐ is available from CIA Library, ☐
